

RED CROSS FUND IS \$2,629 MORE THAN OUR QUOTA

COMMITTEE ENDS CAMPAIGN ON SATURDAY NIGHT WITH GREAT SUCCESS.

TOTAL CONTRIBUTIONS \$12,269.08

Complete List of Contributors Shows Fine Response By All Who Were Asked.

The week's campaign to raise \$10,000, Dixon's quota to the American Red Cross fund, came to a glorious end Saturday night, when final reports of all the committees showed that a total of \$12,269.08, or \$2,629 more than had been asked, had been subscribed by the people of the community.

The members of the committee who labored so faithfully during the week are to be congratulated for the success of their work. Undoubtedly had the campaign been waged during Red Cross week, in conjunction with the movement throughout the country, the result would have been even more successful.

Chairman's Statement
Attorney E. H. Brewster, who acted as chairman of the committee following Judge Farrand's illness early last week, made the following statement at the conclusion of the campaign:

"This Red Cross campaign committee has seen enough of the willing spirit of Dixon citizens to give to learn that many thousands of dollars more could have been raised for the cause if the work had been taken up at the proper time—during the designated week for the Red Cross work—and if time had been given for the committee to have mapped out a systematic campaign. As it was, this committee was 'drafted' on short notice. We did the best we could. Canvasses were made of the most available people, those who were the easiest seen, and we only gave this close-in territory the 'once over.' It is true many people voluntarily sent in their subscriptions, by mail or by telephone, thus aiding the committee materially. I am confident that thousands of dollars more could have been raised if there had been time for a systematic campaign."

BLOOMINGTON FEARS WALK OUT

All Union Men In City May Quit Work After Conference Today.

Associated Press Leased Wire
Bloomington, July 9.—The conference between representatives of all factions to arbitrate differences that brought on the street car strike will be held at 1 o'clock today.

It is generally known that a walk-out of all union men in the city is threatened should the conference not result in a settlement of the differences.

ROCKFORD TO GIVE SOLDIERS FAIR PLAY

ALL ORGANIZATIONS WORKING TO MAKE SAMMIES FEEL AT HOME.

TO RAISE FUND OF \$1,000,000

(Associated Press Leased Wire)
Rockford, July 9.—Whole-hearted support to every request in behalf of the Illinois division encampment, when thousands of soldiers will be trained, is being given by Rockford's civic, religious, commercial and social organizations and by the city government. Never has all Rockford worked more in harmony or with a greater zest to meet requirements for the camp. Old residents say the spirit which caused Winnebago county to give more than its share to the Union in the Civil war is again in evidence.

Rockford's board of aldermen ordered the immediate erection of public stations as planned by the Chamber of Commerce. If the city treasury can not meet the expense, the money will be advanced from the \$100,000 fund which is being raised by the chamberment guarantee committee.

Prompt action will be taken to increase the police force. Some time ago the aldermen were requested by the cantonment site to invest the military officers with police authority. The city council decided the better way would be to enlarge the Rockford force, confident of its ability to cope with problems of vice suppression.

Mayor Rew, Chief of Police Bergen and the fire and police commission will confer with army officers to determine the number of extra police necessary and the force will be augmented accordingly, amounting to a complete reorganization.

"Fair Play" certificates are being prepared for display in store windows of merchants who agree to give soldiers and visitors honest prices on their goods. Business men are co-operating with the guarantee food committee in making this arrangement. Locations of six public information bureaus now are being fixed at conspicuous points in the city.

Rockford some time ago raised by public subscription a fund of \$5,000 for the working out of a city plan. Convinced that the division camp may be permanent and also recognizing the fact that if it is abandoned at the end of the war Rockford will have as its doors a fine suburb, with water, streets and sewers, the city plan is being extended to the military tract by city engineers.

DRIVERS MAY LOSE LICENSES; RESULT OF AUTOMOBILE TRAGEDY

CORONER'S JURY RECOMMENDS PERMITS BE TAKEN FROM COMPTON MEN.

B. F. PORTER INSTANTLY KILLED

Cars, Racing For Corner, Collided At 8:30 O'Clock Saturday Evening.

States Attorney Edwards was yesterday instructed to take steps to secure the revocation for one year of the automobile licenses of Christian Zimmerman and Willard Harper, both of Compton, whose carelessness in driving, a coroner's jury found, resulted in an automobile collision at the Gilmore corner, half a mile north of Compton, at 8:30 o'clock Saturday night, causing the death of Benjamin F. Porter, a farm hand, who was injured by Mrs. Christian Zimmerman and imperiling the lives of twelve others. The recommendation that the licenses be revoked was made by the jury and the states attorney has sent the evidence and the recommendation to Secretary of State Emmerson.

Racing For Corner.
It developed at the inquest, conducted by Coroner Whetston Sunday, that Mr. Zimmerman, his wife, their five children and the Ginger brothers were en route south to Compton from the Zimmerman farm when they approached the Gilmore corner and that Harper, Ben Porter, the victim of the accident, his brother, William Porter, and Fred Buchanan of Pawpaw were traveling east toward West Brooklyn.

It is apparent that the drivers of the cars each saw the other and made an effort to beat the other to the corner. The machines arrived simultaneously. The Zimmerman car, a heavy Overland, crashed into Harper's Ford and piled in a heap of wreckage at the roadside. Ben Porter and Fred Buchanan were buried beneath the debris. Porter was dead when removed and Buchanan had a fractured shoulder and a number of cuts and bruises. All the occupants of the Zimmerman car were shaken up and some of them suffered bruises and cuts, none of them seriously, however.

SUICIDED BEFORE WOMAN HE LOVED

FREEPORT MAN CALLED LADY TO FRONT PORCH AND DRANK POISON.

Freeport, July 7.—Albert King, being rejected, it is said as a suitor by Mrs. Tillie Davis, called Mrs. Davis and her sister, Mrs. Mayne Isaacson, on the telephone in the small hours of the morning.

"Come out on the porch in about half an hour if you want to see some doings," invited King.

The women dressed and came out on the porch. Soon after King appeared and raising a two ounce bottle of corrosive poison to his lips, drank its content. He started away and was soon afterward picked up in the street by an ambulance.

"Give me a cigaret," he said to the attendant. This he lighted, and apparently was enjoying it when death came. He was 28 years of age.

J. B. CARPENTER TELLS OF EXCEPTIONAL DROUGHT IN OREGON.

J. B. Carpenter, in writing from Medford, Ore., on July 3, states that Oregon had less than one inch of rainfall since May 1st and that the weather was very hot, quite the opposite from our May and June. He encloses a clipping from an Oregon paper which states that June was sunny and bright with but .06 inch of rainfall, which fell on June 9. The total rainfall for the season since Sept. 1, 1916, to date, was 14.4 inches, falling short 19.57 inches of the seasonal average. The mean average maximum temperature for June was 82 with the precipitation the lowest for the month since 1901. Spring sown shallow-rooted crops show effects of rain shortage.

PASSED TECHNICAL EXAMINATION

Dr. Evans Was Unable To Pass the Physical Test For Army.

An unintentional injustice was done Dr. L. R. Evans of this city in announcing his return from Chicago, where he went to take the examination for entrance into the medical corps of the U. S. army, in which it was stated he had failed to pass the examination, for many erroneously gained the impression that the technical examination was the doctor's difficulty. The Telegraph is informed by the Chicago Examining Board that Dr. Evans passed the medical examination with flying colors, but was unable to pass the physical tests.

THREE BILLION BU. PROSPECTIVE CROP

GOVERNMENT ESTIMATE FORECASTS THE LARGEST CORN CROP IN HISTORY.

RECORD IN POTATOES ALSO

(Associated Press Leased Wire)
Washington, July 9.—A three billion bushel prospective crop of corn this year is the answer returned by the farmers of the United States to President Wilson's call for food for America's allies in the war. Never before has such a crop been grown.

A record crop of white potatoes also is forecasted with a production of 452,000,000 bushels. This will exceed the previous largest crop grown by 32,000,000 bushels.

The rye crop will make a record with a total of 56,100,000 bu.

Production forecasts of the principal crops:

Winter wheat	402,000,000
Spring wheat	276,000,000
All wheat	678,000,000
Corn	3,124,000,000

NINE FISHERMEN BLOWN TO PIECES

WERE EXAMINING A GERMAN "BARREL MINE" WHEN IT EXPLODED.

(Associated Press)
Galway, Ireland (Correspondence)
—Nine Galway fishermen were blown to pieces a few days ago while examining a German "barrel mine" which they had found at sea and towed ashore.

Irish fishermen have made lately a great many lucky hauls of barrels containing petrol, tallow, oils and similar treasures, supposedly from torpedoed ships. This time they saw a promising looking barrel afloat at some distance from the land, with a convenient handle on each side, and they promptly towed it ashore, rolling it up on the beach for examination.

Four men were in the boat and six more were gathered around the prize on the beach. One man, Joseph O'Flaherty, had a suspicion of danger and warned the others, but they paid no attention to him, and he hid himself behind a rock.

One man removed a couple of screws from the head of the barrel, and then began to pull out a piece of cord. The explosion, which followed was heard a mile away, and shook houses four miles distant.

After a time O'Flaherty, who had been wounded in the head with a piece of stone, stood up, but not a trace of the mine or men was to be seen. There was only a great hole in the beach. Searchers found a portion of the fishermen's boat nearly a mile away. A small boy whose attention was attracted to the group of men on the shore, was running toward them just as the mine exploded. One of his arms was afterward found near his home, but there was no other trace of him.

Man's Mind Like a Garden.
A man's mind may be likened to a garden which may be intelligently cultivated or allowed to run wild; but whether cultivated or neglected, it must, and will, bring forth. If no useful seeds are put in, then an abundance of useless weed seeds will fall therein and will continue to produce their kind.—James Allen.

CHAS. J. ROSBROOK CALLED BY CREATOR ON SUNDAY MORNING

ANOTHER LEE COUNTY PIONEER PASSES TO THE GREAT BEYOND.

PRESIDENT UNION STATE BANK

For Many Years Was Successful Business Man Here—Funeral Tuesday.

Charles J. Rosbrook, Lee county pioneer and successful Dixon merchant and banker, passed away at his home, 501 Peoria avenue, at 10:45 o'clock Sunday morning, after an illness of six months' duration, during which he bore his suffering with magnificent courage and patience. Funeral services will be held at the home at 4:30 o'clock Tuesday afternoon. Rev. Babin, pastor of the Episcopal church, officiating and with interment at Oakwood.

Mr. Rosbrook was the youngest of five sons of John O. Rosbrook of Guildhall, Vt. He was born at Lockport, N. Y., July 12, 1846. In 1866 the family moved to Harmon township and settled on a farm there, where, with the exception of a couple of years spent in schools in the east, Mr. Rosbrook made his home for 28 years.

Harmon township, at the time the Rosbrook family moved there, was largely unbroken prairie land, the family being among the first settlers, and he deceased, as a lad saw much of the progress of the community.

When he reached his majority Mr. Rosbrook retired from the farm and for a number of years conducted a hardware and lumber business in the village of Harmon. In 1884 removing to Dixon, where for many years he was successfully engaged in the implement business, disposing of it a few years ago to Harry Huffman.

Interested In Community.

During his residence in Dixon he always displayed an active interest in municipal and political affairs and was always found on the side of any project for the benefit of the community. He served as an alderman in the Council of the City of Dixon for a number of years, and was one of the founders of the Union State bank being its president at the time of his death. As a tribute to him, no business will be transacted at the bank tomorrow afternoon.

In 1866 he was united in marriage to Miss Anna C. Seifkin of Dixon, who passed away June 25, 1898. Seven children, five of whom survive, were born, the living being: Lenore, Edna L., Frank J., Frederick B. and Harrison W. On Dec. 16, 1903, Mr. Rosbrook was married to Miss Mae Soule, who also survives his passing.

Full bearers at the funeral tomorrow will be W. J. McAlpine, Warren Badger, C. H. Noble, Frank Messer, E. W. Smith and George Loveland.

REGISTRANTS MUST BE IN READINESS

GOVERNMENT OFFICIALLY NOTIFIES THEM OF DRAFT SOON TO BE STARTED.

(Associated Press Leased Wire)
Washington, July 9.—Registrants subject to draft for the new national army were today notified to hold themselves in readiness to appear before the boards which will conduct examinations and consider exemption claims.

Detailed instructions regarding the course to be pursued are contained in circulars prepared and circulated by direction of the War Department.

Plans for selection were not announced today.

Unofficially it was indicated today that 680,000 is the number of men to be selected for the national war army. Probably twice that number will be drawn. Next Saturday is said to have been tentatively fixed as the date for beginning the drawing.

Russian cavalry is pursuing the retreating enemy and has reached the Lupva river.

AUTO EXCURSION TO TAKE GENEVA NEXT

DIXON Y. M. C. A. ARRANGING FINE OUTING AT RESORT

THURSDAY & FRIDAY JULY 19-20

As a result of the thoroughly enjoyable time, experienced by the Y. M. C. A. Auto party, on the trip to Rock Island to visit the Boy's of Company G encamped at the Arsenal, it has been arranged to take a week end auto trip to Lake Delavan and Lake Geneva on Thursday and Friday July 19th and 20th. To judge by the interest manifested and the ready response of those who are approached on the subject this promises to be a good sized party. The promoters of the plan wish to have it understood that this trip is open to any citizen of Dixon that cares to join in. Any one at all interested may get full particulars by calling up the Y. Persons wishing to go who have no cars will in all likelihood be given a chance to go if they will let their wishes be known at the Y. The expense of the trip will be reasonable. It is planned to leave Dixon early on Thursday morning and stop for breakfast at Rockford or Beloit. Drive on to Lake Delavan and spend the day there in fishing, boating and bathing. In the evening the party will go to the Y. M. C. A. Camp at Lake Geneva about eight miles from Lake Delavan. Thursday night and Friday will be spent at that place. The camp is situated on the shores of one of the most beautiful lakes in all the U. S. The swimming and boating are unexcelled. If the breezes favor there will be a sail on the lake for those who are sufficiently courageous, for that sort of sport. To date six men and their wives are registered to go. The distance of the trip is 90 miles and roads are good.

Sleeping Quarters Wrecked
Several buildings used as sleeping quarters for detachments of gunners were wrecked. Whether any men were in the buildings is not known.

Naval officials at Vallejo said that about 200 men were employed in or near the wrecked buildings, but whether the men had reported for work at the time of the explosion was not known.

WAR TAX MAY KILL COUNTRY FAIR RACES

GOVERNMENT'S PROPOSAL FOR 10% TAX MAY END MEETINGS.

Bloomington, July 9.—It is feared a large number of the fair race meets in connection with county fairs will be abandoned this year because of proposed war tax of 10 per cent on all receipts. The Illinois State Fair association has been asking all racing and fair associations in the state if proposed tax will have any effect upon the annual exhibitions and whether or not they will go ahead regardless of the drain upon their receipts. Most of the race meets held in Illinois are operated without expectation of making money. In many instances the venture is a losing one financially. With the necessity for turning over 10 per cent of all the receipts to the government, chances are the various associations would hardly operate. It is believed, therefore, the majority of annual events will be cancelled.

MANY SALOONS WILL QUIT BUSINESS SOON

(Associated Press Leased Wire)

Chicago, July 9.—Chapin & Gore, one of the largest distilling firms in the United States, is going out of business as a result of the national anti-whisky legislation, it was announced here today.

Charles H. Herman, president of the first, declared that within sixty days not less than 2,000 saloons in Chicago would be forced out of business by the new legislation, and that a like proportion throughout the entire country would be similarly affected. He estimated that the whisky now in existence would be exhausted within a year.

Man Who Lectured At Mendota Was Hanged As Spy In London Recently

"Major" Gustaf Schoof, soldier of fortune, was shot in London June 22, according to dispatches.

Major Schoof lectured in the Mendota schools March 23 this year, telling his experiences as a soldier on three continents. He was a member of the German army for a number of years, fought in the Boer war for England and for Madero in Mexico. Later he went to the Dominion and served with the Mountain Rangers. Soon after Madero's failure in Mexico he joined Villa. Following service with Villa he was correspondent for several German publications near Los Angeles.

Early in 1917 he toured the Mississippi valley lecturing in schools and displaying his trophies gathered from the far corners of the earth. While in Mendota he became acquainted with Henry Huss Sr., both men being from Heide, Holstein, Germany. They snapped reminiscences of the home in the fatherland.

In addition to the evidence piled up against him in England, the dispatches said there were found in his possession sketches and plans of industrial plants in the Twin Cities, of harbors at Duluth and Superior, as well as docks, elevators and railroad yards along the Mississippi and Ohio rivers, indicating that while he was speaking here he was putting in his spare time compiling information of value to the German government. The British report of his execution was brief, stating however that he was acting as a German agent in England.

Picnic at "Elephant's Foot"

Mr. and Mrs. E. S. Schildberg and family spent the Fourth at Mendota. Four brothers of the Schildberg family, including B. S. Schildberg, and their families picnicked at what is known as Elephant's Foot, a picturesque spot eight miles south of Mendota which gets its name from a rock the shape of an elephant's foot, attached at the upper part to the main rock but surrounded at its base by water.

NOTICE TO SICK WOMEN

Positive Proof That Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Bridgeton, N.J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and soon felt a change for the better. I took it until I was in good healthy condition. I recommend the Pinkham Remedies to all women as I have used them with such good results."—Mrs. Milford T. Cummings, 322 Harmony St., Penn. Grove, N.J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

Mr. and Mrs. R. J. Bennett of Chicago returned to the city today after a visit since Friday at the home of Mr. and Mrs. Morrison H. Vail of Buena Vista Avenue. Mr. and Mrs. Gray of Lee Center, old friends of R. J. Bennett, will be entertained at dinner today by the Vails for Mr. and Mrs. Bennett.

Red Cross Notes

The third box of Red Cross supplies will soon be sent from the Dixon shop. More than enough bandages and other completed articles are on hand to fill the box. The Franklin Grove and Amboy chapters have been very busy and have made an immense amount of the Red Cross supplies, so that it won't be long before a fourth box will follow the third. The third box will be packed entirely from the supplies made at the Dixon shop, as were the first and second. In the box with the hospital supplies there will probably be packed some wristlets, scarves, and socks, though not so many of the socks, as the demand has been for more of the wristlets and scarves, and these knitting have confined their labors largely to these.

The class in Home Nursing, which was in charge of Miss Helen Wray of Rockford, has completed the course and taken the examination, but nothing has been heard from Washington in regard to the grades. Two other courses, "First Aid in Care of the Injured" and "Dietetics", are necessary before one can hope to become an assistant in any of the hospitals at the front. It is not probable that the First Aid course will be started this summer, but a number desire to take the work this fall.

The starting of different branches of the county Red Cross chapter continues. Tomorrow Mrs. Joseph McCleary and Miss Nova McCleary will go to Scarborough and Steward to direct those branches in the making of supplies; on Wednesday Compton and Paw Paw will be visited for the same purpose. All these branches have been organized with a goodly sized membership each.

According to a statement in the Chicago Tribune of the reply of French authorities to the question put by H. P. Davidson, chairman of the war council, to ascertain the immediate needs which the American Red Cross might undertake to supply, a plea was made for 400,000 pairs of socks.

Other things badly needed are: Fifty new motor ambulance sections and twenty-three small cars plus two trucks and men to drive them. One thousand wheelbarrows with rubber tires are also asked for and 5,000 nurses, male and female. Twenty thousand flannel waistcoats, 30,000 woolen pea jackets, 30,000 woolen pea jackets, 30,000 woolen trousers, and 200,000 blankets are some of the other items.

Return to Chicago

Mr. and Mrs. R. J. Bennett of Chicago returned to the city today after a visit since Friday at the home of Mr. and Mrs. Morrison H. Vail of Buena Vista Avenue. Mr. and Mrs. Gray of Lee Center, old friends of R. J. Bennett, will be entertained at dinner today by the Vails for Mr. and Mrs. Bennett.

Sunday-Thomas

The marriage of Miss Nita Sunday, daughter of Mr. and Mrs. Andrew Sunday of Franklin Grove, to Mr. Cleo Thomas, son of Mr. and Mrs. Edward Thomas of Biglersville, Pa., was solemnized on Tuesday evening, at 9 o'clock at the residence of Rev. E. J. Knouse of Franklin Grove. Miss Mable Spangler of Franklin Grove and the bride's brother, Cecil Sunday, were the attendants. The bride was gown in white dotted swiss trimmed in white satin ribbon; her bridesmaid wore a pink and white striped voile. Mr. and Mrs. Thomas took train at once for Kenosha, Wisconsin, where they will make their home. Mr. Thomas is an electrician, a former Franklin Grove boy, although his parents now make their home in the East. Miss Sunday has been a teacher in the county schools, one of the most efficient, and her sweet friendliness has endeared her to many.

At Dinner Sunday

Mr. and Mrs. Herman Missman entertained at dinner Sunday Mr. and Mrs. Orville Wood and Master James Patterson of Chicago; Mrs. L. H. Ninetieth Birthday Celebrated

Saturday was the ninetieth birthday anniversary of Mrs. Fannie L. Phelps and thirty-five from among her many friends, gained through twenty years' residence in Dixon, called at the home of Mr. and Mrs. H. W. Leydig, with whom she makes her home, to help her to celebrate. Mrs. Phelps is a native of Vermont and has the ruggedness of health, mentality, and character that is associated with inhabitants of the granite state. Often she is taken for a lady in the seventies.

Old fashioned flowers—roses, sweet peas, and nasturtiums—such as bring pleasant memories to the elderly, were distributed prettily in bowls and vases about the Leydig home. The Columbus Grafanola dispensed sweet music for the occasion, and Mrs. Leydig served cake and ice cream.

Mrs. Alida Gumm, during the afternoon, presented the honored lady with a purse, the gift of the company, asking that the recipient choose her own gift. Letters and cards of congratulation were showered upon Mrs. Phelps during the day, coming from friends from many parts of the United States, embracing points from New York to California.

To South Dakota Ranch

G. B. Stitzel left Saturday evening for Ardmore, South Dak., where he will meet his wife and children who have been visiting for the past three weeks at their ranch. Two older sons, Bert and George, Jr., have been conducting business on the ranch and Mr. Stitzel will look after some necessary details in regard to his interests there before returning.

EMPEROR OF CHINA QUILTS UNDER BOMBS

Huan Tung Learns That It Is Bad Year for Kings.

London, July 9.—The dispatch from Peking announcing the abdication of Hsuan Tung, the young emperor, who was put back on the throne by General Chang-Hsun, is corroborated by a cablegram received from Reuters' correspondent there.

It appears that General Chang-Hsun, depressed by the failure of his attempt to restore the monarchy, tendered his resignation to the emperor, who thereupon issued an edict announcing his abdication.

The republican forces occupy strategic positions in the southern and western outskirts of the city, and there is every prospect of a peaceful settlement.

Reuters' Peking correspondent reports that the palace there was bombarded by an airplane.

According to a Reuters' telegram from Shanghai, the leader of the bureaucratic republicans, Tuan Chi Jui, attacked and routed the monarchist forces on Friday near Lang Fang. The republican army then advanced ten miles in the direction of Peking.

STILL CHASING THE NEGROES

"Nigger—Don't Let the Sun Set on You," Posted in Illinois Town.

East St. Louis, Ill., July 9.—An armed posse of citizens of Wood River, Alton and Hartford, Ill., with two high powered automobiles, many rounds of ammunition and grim determination depicted on their faces circled a negro camp, in which there were said to be 100 men, and kept guard all night in a dense timber a short distance from Hartford.

Early the following morning the posse went into the timber, each man with a revolver in his hand, and routed the blacks out. Then they compelled them to take up their journey where it had been stopped. The posse returned to Hartford and posted a sign at the entrance to the town: "NIGGER—Don't let the sun set on you."

GENERAL NIVELLE IS OUSTED

French Commander Led Offensive in April, Claimed a Success.

Paris, July 9.—General Nivelle, who was commander in chief of the French offensive last April, has been relieved of his command. War Minister Painleve made this announcement at the public session of the chamber. Other military chiefs responsible for the offensive were also ousted, he said.

While admitting that serious mistakes were made, he asserted that the drive was, nevertheless, a real success.

ATTORNEY GENERAL IS REPRESENTED AT QUIZ

St. Clair County, Ill., Grand Jury Investigating Riots.

SPRINGFIELD, ILL., July 9. The St. Clair county grand jury began its session at Belleville to investigate cases against persons who participated in the riot at East St. Louis. Assistant Attorney General Middlekauff will be on hand looking after the interests of the state.

The decision to send Mr. Middlekauff to Belleville was reached after a report had been received from East St. Louis that Deputy State Fire Marshals who have been working in that city have secured statements which probably will result in the indictment of several persons who set fire to buildings. In addition, evidence has been secured against a number of persons believed to be leaders of the mob, which killed a large number of colored persons.

Information received in the course of the day was that evidence has been secured against persons who fired the shots which caused the death of Detective Sergeant Coppage. State's Attorney Schkauffeleff will be in personal charge of the grand jury.

Has Supplied Pitch for Centuries.
An interesting natural phenomenon of the island of Zante in the Ionian sea, is a shallow spring on the bay of Keri, where both pitch and water bubble up. The pitch has been used by the natives in caulking their boats since the days of Herodotus.

Frogs Protected.
In France, frogs are protected by law much as fish are in this country. There is a closed season, and hunting them by night is forbidden at any time.

Logical.
A Roumanian scientist says that old age is due solely to a decrease in the amount of water in the human system. That sounds reasonable. Were you ever acquainted with a fish who died of old age?

Or Stored Hen Eggs.
A family in a small town kept a few chickens and often had eggs from their own yard. One morning as the seven-year-old of the family came to breakfast he noticed the eggs on the table and inquired, "Mamma, are these store eggs or hen eggs?"—The Christian Herald.

NO INDEPENDENCE IN SOUTH AFRICA NOW

GEN. BOTH ISSUES GRAVEST WARNING AGAINST THE PROPAGANDA.

(Associated Press)

Capetown, South Africa.—A grave warning against propaganda aiming at political independence of South Africa has just been issued broadcast by Gen. Botha. His statement follows:

"Members of the South African party must not allow themselves to be misled by false and misleading propaganda for independence. The proposal is now being made merely to win votes at the provincial council elections by an appeal to sentiment, and not to the sound sense of the people.

The proposal is wholly impracticable, and is moreover very dangerous for in the present war conditions it can only lead to bitterness, division, race hatred and even civil war.

There is in South Africa a strong English population whose Motherland is now engaged in a life and death struggle. It is not surprising that they regard this movement as treasonable and disloyal. It is unjust and dishonorable to make such an attempt at this moment, and the dishonor is all the greater as the proposal is only intended to catch votes for a particular party.

My warning is intended very earnestly, because I foresee in this movement nothing but ruin for South Africa and disastrous consequences for the South African people. I appeal above all to our pioneers and the fathers of our people to follow the safe way of honor, along which a great future awaits us."

AIR SUPREMACY NEW OBJECTIVE

Furious Battles Being Waged in Western Sector.

84 FRENCH MACHINES IN RAID

67,000 Pounds of Bombs Dropped on Points of Military Importance Behind German Lines—Germans and British Exchange Bomb Attacks. 37 Killed in Latest German Raid on London.

London, July 9.—Furious battles in the air and long distance raids in one another's territory, have in the last day or two marked the renewed great struggle for aerial supremacy between the Germans and the allies, with the Entente aviators still supreme.

The German raid over London cost the kaiser ten machines, for besides the three machines of the raiding squadron which were destroyed, the British aviators based at Dunkirk, bagged seven others, though missing the raiding squadron on its flight home.

84 French Machines in Raid.

The great raids made on German territory were carried out by the French who sent out eighty-four machines to make reprisals for raids on open French towns by the Germans. The French dropped 67,000 pounds of bombs on many points of military importance far behind the German front.

Along the British front itself, there was much aerial activity also, the British war office announces, the Germans displaying unusual enterprise between Lens and Ypres, where heavy formations, one of which comprised thirty machines, were encountered. The Germans succeeded in dropping 144 bombs behind the British lines, but the British aviators responded by dropping nearly three times that number on the German lines.

In addition, the German airdromes were bombarded, and much successful artillery observation by photography was successfully executed by the British.

37 Killed in London Raid.
Although the raid on London was the greatest in number of airplanes used, the casualties were far under those inflicted in the raid on June 13. Twenty-eight men, six men and three children were killed, all except three of the deaths being in the metropolitan district of London. There were 141 injured in all.

Bombard Essen from Air.
That great damage was inflicted by French aviators on such places as Essen, where the Krupp gun works are situated; Treves and Coblenz was evident for many fires were observed by the French flyers after they had dropped their bombs.

Eleven French war planes attacked Treves, where more than 5,000 pounds of bombs were dropped and seven fires, one in the central station were started.

The Badische Aniline factory at Ludwigshafen was destroyed by the attack of six machines.

GERMAN CRISIS PUTS HOLLWEG IN BALANCE

Kaiser Considering Dismissal of His Chancellor.

Zurich, July 9.—A serious political crisis has arisen in Germany.

A Berlin telegram to the Koelnische Zeitung says it is probable the kaiser will dismiss Chancellor von Bethmann-Hollweg.

The German government's semi-official mouthpiece, the Norddeutsche Allgemeine Zeitung, mentions Vice Chancellor Dr. Karl Helfferich, who was the first German food dictator, as the most probable successor to Hollweg should the latter fall.

Minimum Wage Bill a Law.
San Francisco, July 9.—The state industrial welfare commission adopted a minimum wage scale for women and minors in mercantile industries under which experienced employees must be paid a minimum wage of \$10 a week. Those under eighteen years of age must receive a wage of not less than \$6 a week.

Report On Paulist Concerts Shows Profit Of \$778.02 For Red Cross

With only the reports of two towns missing, the committee in charge of the Paulist Choristers' concert which was given ten days ago for the benefit of the American Red Cross, has made a report showing the receipts and disbursements of the two entertainments.

The total amount netted for the Red Cross, according to the figures of the reports, is \$778.02. This amount will be augmented only a few dollars with the reports of Ashton and Pawpaw.

A decision was reached by the committee in charge of the benefit concert to turn the amount over to the Dixon Red Cross campaign committee, who made a thorough canvass for funds in the city last week.

The report is made by Postmaster W. E. Hogan, chairman of the ticket selling for the Red Cross benefit concert, and shows that 1,769 tickets were sold in advance in Dixon and that the gate receipts were \$276.25.

In the ticket sales outside of Dixon, the little village of Steward made the best showing. One hundred and fifty tickets were sent there and every one of them was sold, netting \$75. Amboy and West Brooklyn, too, made favorable showings.

The contract with the Rock River Assembly management for the use of the auditorium for the concert read that the Red Cross committee pay rental of \$100 and that all above the amount of expenses would be returned to the Red Cross as a donation. The management figured the expense entailed for the day was \$50, and thus the remaining \$50 was turned back as a donation to the cause.

SPORTING NEWS

(Associated Press)
Ellwood, Ind., July 9.—This city is said to be the home of the oldest active maker of guns in the world. He is A. E. Chamness, and is 89 years old. He has been making guns every day for 60 years and says he is the only man in Indiana who can make a gun from start to finish.

St. Louis, July 9.—The price the St. Louis Nationals paid for Marvin Goodwin, a pitcher purchased from the Milwaukee club of the American association, is declared to be the highest ever paid by a St. Louis club.

Branch Rickey, president of the Cardinals, said he gave cash and players approximately a total value of \$15,000 for Goodwin. Six other clubs were outbid by Rickey. Goodwin is scheduled to report July 15.

Minneapolis, July 9.—Frank Mayer, for two years all-western tackle on the University of Minnesota football eleven, is doing his duty, having enlisted in the United States aviation corps and is in training at the Ohio State University station. He graduated from the law department this year. His home is in East Grand Forks, Minn.

St. Louis, July 9.—As a result of victories in the Southwestern Amateur Rowing association regatta, the Century Boat club entered its eight, four and pair-oared crews in the Northwestern Rowing association regatta, which is to be decided in Duluth, Minn., July 14, 15 and 16. The Century club will be the only St. Louis organization represented in the meet.

Minneapolis, July 9.—Johnny Griffiths, the Akron, O., welterweight and Johnny Tillman of Minneapolis are

to meet here in a ten round contest July 11. The weights is to be at 142 pounds. Tillman is getting himself in the best possible condition as he figures that a victory will boost his stock. Griffiths is regarded as one of the best welterweights in the entire country.

PRINCESS THEATRE

"The Chaperone" has been filmed! The famous sage hit has been made into a sparkling five-act comedy drama by Essanay. It was written by Marion Fairfax and played to throngs on Broadway with Maxine Elliott in the title role, and will be shown at the Princess tonight.

Edna Mayo and Eugene O'Brien appear in the leading parts in the picturization. Sidney Ainsworth is the heavy lead. The rest of the cast is well selected.

Laying Up a Competence.

Among all material pleasures there is none so great as that which springs from a store laid by for future wants, especially for the needs of those for whose well-being you have become responsible. And when you have gathered that store by steadfastly refusing thriftless self-indulgence, you have a satisfaction that outweighs and outlasts all fleeting joys. I speak from my own experience, and I can call to witness thousands of others who have traveled the same road.—Judson Harmon in Youth's Companion.

Optimist.

An optimist is a woman whose daughter is engaged and whose son cares nothing for the girls. A pessimist is a mother whose son is on the way to the altar and whose daughter hasn't a beau.—Claude Cullen in the Fort Worth Star-Telegram.

DR. A. S. HOROVITZ

His Hog Cholera Serum May Save U. S. \$100,000,000.

Photo by American Press Association.

Dr. Horovitz, who is a New York scientist, asserts that his serum will prevent the deaths of hundreds of thousands of hogs yearly from cholera. The agricultural department of now investigating its merits.

HENRY FIELD, SCION OF RICHES, IS DEAD

Heir to Marshall Field Wealth Succumbs to Operation.

Chicago, July 9.—Henry Field, a grandson of the late Marshall Field and heir to one-half of the huge residuary estate left by his grandfather, died in New York.

The young man, who with his brother, Marshall Field III, were the chief heirs designated in the will of the great merchant, was married only five months ago to Nancy Kean Perkins in New York.

The death of young Field ends the carefully laid plans for his future made by his grandfather and his mother.

When Marshall Field I. made his will he expressed solicitude for the health of his son, Marshall Field, Jr.

After the death of Field, Jr., father of Henry and Marshall III, the merchant in 1915 added a codicil providing for the residuary estate—at that times estimated by competent financial authorities at \$125,000,000—to be held in trust for his two grandsons until 1945, when the funds that had accumulated—which many persons believed would reach \$1,000,000,000—were to be divided between the young men.

BLAMES WHALEBACK CAPTAIN

Milwaukee Jury Also Mentions Tug's Chief in Report on Crash.
Milwaukee, July 9.—A coroner's jury investigating the cause of the accident which resulted in the death of sixteen persons, June 30, when the whaleback excursion Christopher Columbus collided with a water tank standing on a lock of the Milwaukee river, has returned a verdict holding that Captain Charles Moody, in command of the vessel, and Captain F. C. Maxon of the tug Knight Templar did not exercise proper precaution, considering the abnormal current of the waters at the time.

One American Drowned.

New York, July 9.—One American citizen was among the four members of the crew of the American steamship Orleans who were drowned when the vessel was sunk by a German submarine, according to cable advices received here by the ship's owners, the Oriental Navigation company. The American was E. Nogot, messman, of the Philippine Islands.

MINE AIDES ARE APPOINTED

Gov. Lowden Names Assistants to Evan Johns in New Department.
SPRINGFIELD, ILL., July 9. Governor Lowden named the following aides in the department of mines and minerals, of which Evan Johns of Carbondale is director: Miners examining officers—William Hall, Springfield; William N. Turner, Collinsville; John A. Tuttle, Harrisburg; Joseph C. Viano, Coal City. Mine officers—William Hutton, Duquoin; James Richards, Felleville; M. S. Coleman, Harrisburg; James Needham, Springfield.

Lowden Reassures Merit Retention.

More Acceptable Than Money.
It is not written blessed is he that
feedeth the poor, but he that consid-
ereth the poor. A little thought and
a little kindness are often worth more
than a great deal of money.—Ruskin.
Cuttlefish Used as Food.
The sun-dried cuttlefish or devil
fish of the Greek coast with suckers
intact looks like a football. The shred-
ded part is more tempting than the
tentacles.
Does just the lack of losing make
the winner?
Does just the lack of smirching
make the clean?
Temptation never made a man a sin-
ner—
It shows the world what only God
had seen.
If I must fall, may I go bravely un-
der
Not shirking my own weakness, my
own shame,
Evils enough are bred of battle
thunder,
But wrongs it never fathered bear
its name.
God give me strength to keep my col-
ors flying
Against whatever comes to lay them
low—
But if I fail, God shut my lips from
lying!
An outcast I may be—a dastard, no.

MADE TO SATISFY

RAPID
LOUSE
KILLER

Prevents
Chick Losses

Millions of chicks die yearly due
to the ravages of lice and mites.
They sap the strength and vitality of the
delicate chicks and leave them easy prey to dan-
gerous disease germs.
Wolf's Rapid Louse Killer
quickly destroys lice on the chicks and
mother hen, keeps the nest, litter and
dust bath free from insect pests. Also de-
stroys certain bugs and worms on cucum-
ber, squash, melon vines and rose bushes.

UNCEASING MISERY

Some Dixon Kidney Sufferers Get Little Rest or Comfort

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lameness and crampiness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin using Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit.

Proof of merit in this testimony: Proof of merit in this Dixon man's testimony:

John H. Fulk, 519 W. Seventh Street, says: "I am a shoe-cutter by trade and have to be standing in front of a cutting machine. There is a great deal of jarring in connection with this work and I am sure that is what caused my kidneys to get out of order. I was completely down and out and unable to work for ten days. I could hardly move, my back pained so terribly and I couldn't lift the least weight. The kidney secretions passed too freely and it was annoying to have to get up so often at night to pass them. I read about Doan's Kidney Pills and got a box at Prescott & Schildberg's Drug Store. After using them, the trouble disappeared."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fulk had. Foster-Milburn Co., Props., Buffalo, N. Y.

Specializing at One's Job.
No matter what your job, you can make it lead straight to success if you will specialize at that job and give it your absolute best. It Works! Try It
Tells how to loosen a sore, tender corn so it lifts out without pain.
Good news spreads rapidly and drug-gists here are kept busy dispensing freezers, the other discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus. You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so softened that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue. This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

EMBARGO IS PUT ON ALL EXPORTS

Shipments, Except Under Federal License, Prevented.

PROCLAMATION BY PRESIDENT

Statement is issued by Chief Magistrate Setting Forth Grounds for Conserving and Controlling Sales Abroad—Secretary Redfield, Head of Embargo, Also States Scope of Act.

Washington, July 9.—President Wilson issued a proclamation announcing his purpose to control by license all export shipments, to the end this country shall not want for necessities of life.

Essentially, the action of the President is aimed at control of food supplies. His purpose is to see that America is fed first; America's allies next. But the humanitarian end of the President's plan, through the food administration planned under the food control bill now in the senate, is to conserve food, to prevent waste, to regulate shipments, to arrange distribution, so there shall be food enough in this country and for its allies.

Wilson's Proclamation.

Explaining his proclamation, the President says: "In controlling by license the export of certain indispensable commodities from the United States, the government has first and chiefly in view the amelioration of the food conditions which have arisen or are likely to arise in our own country before new crops are harvested.

"Not only is the conservation of our food and fodder supplies a matter which vitally concerns our own people, but the retention of an adequate supply of raw materials is essential to our program of military and naval construction and the continuance of our necessary domestic activities. We shall, therefore, similarly safeguard all our fundamental supplies.

Care of Neutrals.

"It is obviously the duty of the United States in liberating any surplus products over and above our own domestic needs, to consider first the necessities of all the nations in war against the Central empires.

"As to neutral nations, however, we also recognize our duty. The government does not wish to hamper them. On the contrary, it wishes and intends, by all fair and equitable means, to co-operate with them in their difficult task of adding from our available surpluses to their own domestic supply and of meeting their pressing necessities or deficits.

"In considering the deficits of food supplies, the government means only to fulfill its obvious obligation to assure itself that neutrals are husbanding their own resources and that our supplies will not become available, either directly or indirectly, to feed the enemy."

Rules for Export.

Secretary of Commerce Redfield, chairman of the export council, made this statement with reference to the procedure to be adopted by exporters in the United States in applying for export license.

"First, applications for licenses may be made to the bureau of foreign and domestic commerce, division of export licenses, 1435 K street, Washington, D. C., or to any office of the bureau of foreign and domestic commerce—Chicago, New York, Boston, St. Louis, New Orleans, San Francisco and Seattle.

"Second, in applying for a license to export any of the commodities covered by the President's proclamation applicants should give the following information in triplicate form:

"(a) Quality.
"(b) Description of goods.
"(c) Name and address of consignee.
"(d) Name and address of consigner.

"Third, the license will be good for only sixty days and at the expiration of that time must be renewed, and if not shipped within that time a new application must be made.

PERSHING URGES GOOD BEHAVIOR

Troops Are Ordered to Respect French People and Property.

COURTESY TO WOMEN ASKED

American Commander Pays Fine Tribute to Sacrifices of U. S. Allies. French Hurl Back German Drive. Strong Trenches Along Wide Front. Regained—Teutons Lose Heavily.

Paris, July 9.—Major General Pershing, commander of the American forces in France, has issued the following general order to his troops: "For the first time in history an American army finds itself in European territory. The good name of the United States of America and the maintenance of cordial relations require the perfect deportment of each member of this command.

Treat Women Especially Courteous.

"It is of the gravest importance that the soldiers of the American army shall at all times treat the French people, and especially the women, with the greatest courtesy and consideration.

"The valiant deeds of the French armies and the allies, by which they together have successfully maintained the common cause for three years, and the sacrifices of the civil population of France in support of their armies command our profound respect. This can best be expressed on the part of our forces by uniform courtesies to all the French people and by the faithful observance of their laws and customs.

Tells of French Sacrifices.

"The intensive cultivation of the soil in France under conditions caused by the war makes it necessary that extreme care be taken to do no damage to private property. The entire French manhood capable of bearing arms is in the field fighting the enemy, and it should, therefore, be a point of honor to each member of the American army to avoid doing the least damage to any property in France. Such conduct is much more reprehensible here. Honor them as those of our own country."

French Regain Trenches.

Paris, July 9.—On the Aisne front the Germans launched another violent attack, but as in the case of their recent attempt to recapture important positions along the Chemin des Dames, met with determined resistance from the French and suffered very heavy losses.

The attack was delivered in four sectors. The official report says the Germans were driven back, except in the sector between Boves and Froimont farm, where they were able to hold part of the first line French positions carried at the beginning of the battle.

On the Verdun front, west of the Meuse, the French scored a brilliant success. Three strongly organized salients were captured and held against counter attacks.

French Attack Fails.

Berlin, July 9.—A French assault on the Aisne front broke down with heavy losses, the war office reports. The repulse of a British attack east of Ypres and of French advances in Champagne and on the Verdun front also is announced.

Teutons Hurl Back by Russ.

Petrograd, July 9.—Teutonic troops in dense masses supported by armored motor trucks, were hurled at the Russians in an effort to recapture ground lost in Eastern Galicia, but the attacks failed, the war office announces.
